Kaukauna - Sol. Waste

KAUKAUNA SOLID WASTE
June 4, 1970

A telephone conversation with Ralph Darch regarding a conference held at Madison between Darch, Frangos, city officials of Kaukauna and the owners and engineer for the Lehr Brothers sanitary landfill.

It was agreed that Lehr will be asked not to operate as a sanitary landfill for a period of 120 days from the date of the conference or in other words 90 days from the previous deadline of July 1 (this works out to be a new deadline of October 1, 1970). This will permit time for the City of Kaukauna to complete arrangements for their own disposal site and for Lehr to complete the arrangements for converting the present dump operation to a sanitary landfill operation.

Mr. Don Mayo is the engineer consultant for Lehr. We should plan to meet with him to confirm that date and to discuss a timetable for completion of the necessary work. We conferred with Mr. Robert Natrop who states that the work of preparing Kaukauna's own disposal site is proceeding at this time.

Kaukauna - Sol. Waste

June 11, 1970

Mr. Jim Lehrer
Lehrer Sanitary Service
1604 Crooks Avenue
Kaukauna, Wisconsin 54130

RECEIVED
JUN 12 1970
DNR Region 111

Dear Mr. Lehrer:

This letter is to confirm in writing the decision that was reached at our meeting here in Madison on June 3, 1970. Present at that meeting were: Gilbert J. Anderson, Mayor, City of Kaukauna; George Simon, Chairman of Board, City of Kaukauna; Joseph De Bruin, Chairman, Town of Buchanan, Richard Killian, Supervisor, Town of Buchanan, Thomas G. Frangos, Administrator, Division of Environmental Protection, Department of Natural Resources, yourself, and this writer.

At this meeting it was decided that Lehrer Sanitary Service would be granted a 90-day extension period, beginning July 1, 1970, in which to come into compliance with the conditions outlined on the 1969-1970 conditional license. It is expected that this 90-day period will be sufficient for the City of Kaukauna to decide whether it will open and operate its own disposal site or continue to contract its waste disposal with your sanitary service, and to bring your site into compliance with the Solid Waste Disposal Standards. I would appreciate being kept informed of any decisions or actions taken by yourself, the City of Kaukauna, or the Town of Buchanan regarding this matter.

Should you have any questions regarding this matter, please feel free to contact me at any time.

Very truly yours,
Bureau of Air Pollution Control
and Solid Waste Disposal

Glen

Glen C. Bishop, Engineer
Solid Waste Disposal Section
